
Forcepoint Implementation Datasheet

Package: Forcepoint Professional Services – DLP Discover Foundation

Part Number: DLPDFND

Forcepoint

Overview

Proficiency and precision are necessary to effectively implement quality security solutions. To help you get the most out of the DLP solution (the “Products”), Forcepoint Professional Services offers the following implementation services package (“Package”).

Deliverables and Responsibilities

Detailed Statement of Services:

Forcepoint employees, agents, and/or contractors (“Services Personnel”) will assist Subscriber with the performance of the following activities with respect to the Products in accordance with recommended engineering practices (“Services”):

Pre-Implementation

- Services Kick-off call between Subscriber and Services Personnel
 - Note: Services Personnel will contact the Subscriber within three (3) weeks of the order being processed to schedule the Services Kick-off call
- Review scope of Package
- Establish Services schedule
- Customer to provide network diagrams relevant to DLP deployment architecture

Implementation of the Product

- Services Personnel will assist the Subscriber with the implementation of the Product within one (1) Subscriber’s environment, as follows:
 - Configure one (1) Forcepoint Security Manager (FSM) Server
 - Configure up to two (2) Forcepoint Secondary Servers (Crawler/OCR)
 - Configure up to five (5) Forcepoint DLP out-of-the-box policies
 - Configure up to two (2) Forcepoint DLP Network Discovery tasks

Out of Scope Implementation Items

- The following items are out of scope of for this package:
 - Fingerprinting
 - Remediation

Project Timeline

- Foundation SKUs are estimated to be completed with an average duration of 4-6 weeks following the sample timeline below. Project timelines will be agreed upon during the services kick off meeting and managed by the Forcepoint Project Manager

| SAMPLE Project Timeline From Kickoff | | | | |
|--------------------------------------|--------|--------|--------|--------|
| Project Phase | Week 1 | Week 2 | Week 3 | Week 4 |
| Environment/Use Case Review | | | | |
| Architecture Design | | | | |
| Product Installation/Provisioning | | | | |
| Core Product Configuration | | | | |
| Policy Configuration | | | | |
| Functional Testing | | | | |
| Knowledge Transfer | | | | |

Functional Testing and Knowledge Transfer

- Services Personnel will provide up to two (2) hours of informal knowledge transfer. Typical topics may include:
 - System and Architecture Overview
 - Navigation of the Product
 - Policy/rule Management
 - Job/scan Management
 - Alerting
 - Reporting and Dashboards
 - Common Troubleshooting Scenarios

Services Closure Meeting

- Service Personnel will conduct a Services closure meeting to review and confirm the Services have been completed and assist with the transition to Forcepoint Technical Support

Services Obligations of Subscriber:

Prior to the start of and throughout the Services, the Subscriber must be able to provide the following to Services Personnel if Applicable:

- Access to Infrastructure, Network, and Management Resources
- Access to Products
- Privileged AD Services Account
- Ability to make network changes
- Up to ten (10) Test users
- Confirm all recommended host server system requirements
- Disable antivirus software on the Forcepoint server
- Disable any firewall on the Forcepoint Security Manager Server before starting the Forcepoint installer
- Throughout the Services, Subscriber will promptly provide all resources and licenses to Services Personnel to allow Services Personnel to deliver the Services.

Package Assumptions

- Services are delivered by remote delivery resources - No onsite delivery element.
- Services Personnel must receive a written cancellation notice at least twenty-four (24) hours prior to the start of any pre-scheduled Services
- Services will be provided during normal local business hours, Monday – Friday (e.g. 9:00am to 5:00pm)
- Services do not address any other Forcepoint products other than Forcepoint DLP
- Services in this Package are limited and may not address all of Subscriber's unique requirements
- High availability and Disaster Recovery are not within the scope of this Package
- No High Level Design or Low Level Design documentation to be provided within this Package
- Subscriber should not expect "on-demand" live support outside planned Services dates
- All scripts, tools, notes, know-how and procedures developed by Services Personnel as part of the Services will remain the property of Forcepoint
- Services Personnel will have no obligation to provide Services unless and until Subscriber fulfils all of its Services Obligations
- Subscriber's current Support entitlement will be utilized for Product troubleshooting and escalation
- There is no report, memorandum, or other formal deliverable to be issued in connection with this Proposal

Terms & Conditions

- The Services in this implementation Package are provided pursuant to the Subscription Agreement
- Forcepoint provides the Services "AS IS" and makes no warranties of any kind, express or implied
- Services will be performed in a professional and workmanlike manner, and Services Personnel will comply with all applicable laws in providing the Services
- Services must begin within 90 days of the Order or Subscriber forfeits the implementation Package
- Services must be completed within 6 months from Services Kick-off call or the Order, whichever occurs first, or Subscriber forfeits the implementation Package
- Subscriber's assent to the Subscription Agreement constitutes acceptance of the above terms and conditions
- Any work or additional hours that, in Services Personnel's reasonable discretion, exceed the scope of Services (including remote or onsite follow up work or troubleshooting unknown issues) will require a mutually agreed upon services contract
- Services and Deliverables within this Package are standard and non-negotiable

Applicable add-on options:

Additional implementation options are available at www.forcepoint.com/QUICKSTART
