
Forcepoint Quickstart Implementation Package: Forcepoint Insider Threat Implementation- Advanced - Remote

Part Number: FITIMA--X-XX00-N

Forcepoint

Overview

Proficiency and precision are necessary to effectively implement quality security solutions. To help you get the most out of the Forcepoint Insider Threat solution (the “Products”), Forcepoint offers the following basic implementation services package (“Package”). This Package identifies some of the activities typically involved with the implementation of Products.

Deliverables and Responsibilities

Detailed Statement of Services:

Forcepoint employees, agents, and/or contractors (“Services Personnel”) will assist Subscriber with the performance of the following activities with respect to the Products in accordance with Forcepoint recommended engineering practices (“Services”):

- Pre-Implementation
 - Services Kick-off call between Subscriber and Services Personnel
 - Note: Services Personnel will contact the Subscriber within ten (10) business days of the order being processed to schedule the Services Kick-off call
 - Review scope of Package
 - Establish Services schedule
 - Review Subscriber responses to FIT Insider Threat Deployment Questionnaire (“Questionnaire”)
 - Note: Services Personnel can provide Questionnaire upon request prior to the Services Kick-off call
- Implementation of the Product (Implementation Items)
 - Services Personnel will assist the Subscriber with the implementation of the Product, as follows:
 - Provide support for the installation and basic configuration of FIT system with Oracle Standard Edition (OSA) [non-enterprise]
 - Provide initial configuration of FIT system
 - Install the FIT Enterprise Application Suite
 - Support FIT agent deployment and testing
 - Knowledge Transfer:
 - General system overview
 - System navigation
 - Policy creation
 - User/Group creation
 - Basic investigation
 - One (1) day of ad hoc administrator training customized to the environment for up to two (2) administrators for “implementation items”
 - Support standard integration of FIT with Active Directory (if required)
 - Support standard integration with Forcepoint DLP (if required)
 - Support agent deployment to virtual desktop infrastructure (if required)
- Implementation of FIT Policy Sets (Policy Items)
 - Support the creation of FIT Baseline Policy Set
 - Review specialized policy needs (e.g., specific users, workstations, complex scenarios)
 - Support the creation of up to 10 specialized FIT policies
 - Support the test deployment and review of baseline and specialized policies
 - Knowledge Transfer:
 - General policy overview
 - Pre-loaded policies
 - Available collection channels
 - Policy creation
- One (1) day of ad hoc administrator training customized to the environment for up to two (2) administrators for “policy items”

- Services Personnel will use commercially reasonable efforts to assist with the troubleshooting and correcting of obstacles identified during the Services
- Services Closure Meeting
 - Service Personnel will conduct a Services closure meeting to review and confirm the Services have been completed and assist with the transition to Forcepoint Technical Support

Services Obligations of Subscriber:

Prior to the start of and throughout the Services, the Subscriber must be able to provide the following to Services Personnel:

- Valid Forcepoint licenses key
- Access to Forcepoint SQL database and database accounts
- Access to Infrastructure, Network, and Management Resources
- Access to Products
- Privileged AD Services Account
- Ability to make network changes
- Up to twenty five (25) Test users
- Confirm all Microsoft updates has been applied
- Disable antivirus software on the Forcepoint server
- Disable any firewall on the Forcepoint Server before starting the Forcepoint installer
- Disable User Account Control (UAC) and Data Execution Prevention (DEP) settings, and make sure that no Software Restriction Policies will block the installation
- To download the Forcepoint Master Database and enable policy enforcement, each machine must be able to access the download servers at:
 - download.websense.com
 - ddsdom.websense.com
 - ddsint.websense.com
 - portal.websense.com
 - my.websense.com

Throughout the Services, Subscriber will promptly provide all resources and licenses to Services Personnel to allow Services Personnel to deliver the Services.

Package Assumptions

- Services are delivered by remote delivery resources - No onsite delivery element.
- Services Personnel will provide up to two (2) hours of Web policy tuning as part of this Package. Additional Web Tuning Packages are available for purchase.
- Services Personnel must receive a written cancellation notice at least twenty-four (24) hours prior to the start of any pre-scheduled Services
- Services will be provided during normal local business hours, Monday – Friday (e.g. 9:00am to 5:00pm)
- Services do not address any other Forcepoint products other than Forcepoint WEB SECURITY
- Services in this Package are limited and may not address all of Subscriber's unique requirements
- High availability and Disaster Recovery are not within the scope of this Package
- No High Level Design or Low Level Design documentation to be provided within this Package
- Subscriber should not expect "on-demand" live support outside planned Services dates
- All scripts, tools, notes, know-how and procedures developed by Services Personnel as part of the Services will remain the property of Forcepoint
- Services Personnel will have no obligation to

Terms & Conditions

- The Services in this implementation Package are provided pursuant to the Subscription Agreement
- Forcepoint provides the Services "AS IS" and makes no warranties of any kind, express or implied
- Services will be performed in a professional and workmanlike manner, and Services Personnel will comply with all applicable laws in providing the Services
- Services must begin within 90 days of the Order or Subscriber forfeits the implementation Package
- Services must be completed within 6 months from Services Kick-off call or the Order, whichever occurs first, or Subscriber forfeits the implementation Package
- Subscriber's assent to the Subscription Agreement constitutes acceptance of the above terms and conditions
- Any work or additional hours that, in Services Personnel's reasonable discretion, exceed the scope of Services (including remote or onsite follow up work or troubleshooting unknown issues) will require a mutually agreed upon services contract
- Services and Deliverables within this Package are

provide Services unless and until Subscriber fulfils all of its Services Obligations

standard and non-negotiable

- Subscriber's current Support entitlement will be utilized for Product troubleshooting and escalation
- There is no report, memorandum, or other formal deliverable to be issued in connection with this Proposal
