
Forcepoint Implementation Services Package: Forcepoint NGFW – Intermediate Complexity - Remote

Part Number: NGFWIMMC--X-XX00-N

Overview

Proficiency and precision are necessary to effectively implement quality security solutions. To help you get the most out of the Forcepoint NGFW solution (the “Products”), Forcepoint offers the following implementation services package (“Package”). This Package identifies some of the activities typically involved with the implementation of Products.

Detailed Statement of Services:

Forcepoint employees, agents, and/or contractors (“Services Personnel”) will assist Subscriber with the performance of the following activities with respect to the Products in accordance with Forcepoint recommended engineering practices (“Services”):

- Pre-Implementation
 - Project Kickoff Planning Meeting
 - Review scope of the Proposal
 - Schedule change time window(s)
 - Services Personnel requires a minimum of three (3) weeks from the Project Kickoff Planning Meeting to provide Services pursuant to this Proposal
 - Discovery and Design
 - Review of the current network topology
 - Review of the current firewall policies and optimization considerations o
 - Review of up to 50 NAT rules and up to 20 VPN connections
 - Review of Access Policy
 - Review of Inspection Policy
 - Review of any zone requirements and limitations
- Implementation of Product
 - SMC or SMC HA Build and Installation
 - SMC or SMC HA will be installed and configured to policy ready status
 - SMC or SMC HA will be upgraded to latest general release code
 - License creation and install
 - Firewall Installation and Base Configuration
 - Define up to 4 single NGFW engines or 2 two-node Cluster
 - Configuration zones for WAN, LAN, and DMZ
 - Establish NGFW engine to SMC communication
 - NGFW Engine Configuration
 - Deploy Standard Inspection Policies
 - Select one of the following:
 - Import existing configuration from supported platform via migration tool or
 - Develop from scratch configuration limited to:
 - Up to 20 routes
 - Up to 100 host elements
 - Up to 20 VPNs
 - Up to 24 copper interfaces or 12 fiber interfaces
 - Up to 100 rules
 - Up to 50 NAT rules (if applicable)
- Functional Testing and Knowledge Transfer
 - During the course of the engagement, Services Personnel will provide informal knowledge transfer to the Subscriber and perform functional testing, including:
 - Connectivity Testing (if necessary)
 - Rerouting of incoming traffic and outgoing traffic to new NGFWs
 - Verify customer SMC access
 - Configure Active Directory Integration (if applicable)
 - Discuss Migration Strategy

- Production Migration
 - Scheduling and communications for cutover
 - Cutover of firewalls to Forcepoint NGFWs
- Services Personnel will use commercially reasonable efforts to assist with the troubleshooting and correcting of obstacles identified during the Services
- Closure Meeting
 - Service Personnel will conduct a Services closure meeting to review and confirm the Services have been completed and assist with the transition to Forcepoint Technical Support

Services Obligations of Subscriber:

Prior to the start of and throughout the Services, the Subscriber must be able to promptly provide all resources and licenses to Services Personnel to allow Services Personnel to deliver the Services, including:

- Valid Forcepoint licenses key
- Access to Forcepoint SQL database and database accounts
- Access to Infrastructure, Network, and Management Resources
- Network topology and application services
- Privileged AD Services Account
- Access to Products
- Ability to make network changes
- Up to twenty five (25) Test users
- Confirm all Microsoft updates has been applied
- For a ground up build the Subscriber is required to provide all data for configuration before services are scheduled. Services will review and approve configuration prior to beginning the NGFW deployment.
- Subscriber is responsible for the racking of the NGFW equipment
- Subscriber is responsible for all cabling of the NGFW equipment

Package Assumptions

- Services are delivered by remote delivery resources - No onsite delivery element.
- Services Personnel must receive a written cancellation notice at least twenty-four (24) hours prior to the start of any pre-scheduled Services
- Services will be provided during normal local business hours, Monday – Friday (e.g. 9:00am to 5:00pm) or as mutually agreed upon during Project kick off call
- High availability and Disaster Recovery are not within the scope of this Package
- Subscriber should not expect “on-demand” live support outside planned Services dates
- All scripts, tools, notes, know-how and procedures developed by Services Personnel as part of the Services will remain the property of Forcepoint
- Services Personnel will have no obligation to provide Services unless and until Subscriber fulfils all of its Services Obligations
- Subscriber’s current Support entitlement will be utilized for Product troubleshooting and escalation
- There is no report, custom documentation, memorandum, or other formal deliverable to be issued in connection with this Proposal
- 1 Security Management Console
- 1 Log Server
- 1 Firewall either as a single node or a 2-node cluster
- IPS, FUID, ECA, are out of scope for this SKU
- If multiple physical sites are not geographically co-located additional services hours may be required based on Services Personnel discretion.

Terms & Conditions

- The Services in this implementation Package are provided pursuant to the Subscription Agreement
- Forcepoint provides the Services “AS IS” and makes no warranties of any kind, express or implied
- Services will be performed in a professional and workmanlike manner, and Services Personnel will comply with all applicable laws in providing the Services
- Services must begin within 90 days of the Order or Subscriber forfeits the implementation Package
- Services must be completed within 6 months from Services Kick-off call or the Order, whichever occurs first, or Subscriber forfeits the implementation Package
- Subscriber’s assent to the Subscription Agreement constitutes acceptance of the above terms and conditions
- Any work or additional hours that, in Services Personnel’s reasonable discretion, exceed the scope of Services (including remote or onsite follow up work or troubleshooting unknown issues) will require a mutually agreed upon services contract
- Services and Deliverables within this Package are standard and non-negotiable
