

Purchasing Forcepoint Customer Training

Thank you for your interest in purchasing a seat in a Forcepoint virtual, in-classroom or self-paced 'e-learning' training. For Forcepoint delivered courses, we support the purchase of a training seat or e-learning course either via [Purchase Order](#) (PO) or a [credit card](#). Choose the link below based on the purchase method you wish to use.

When your purchase is complete, you will be contacted by one of our Training Coordinator team members usually within 2-3 days of purchase. They will help facilitate your access to your e-learning or a specific course offering. Make sure to add learn@forcepoint.com to your contacts so that their emails will get through to you.

It is important to note that for Forcepoint virtual or in-classroom training courses, your purchase provides you the right to an available seat in an upcoming course offering. However, *you still have to complete the registration of your seat into a specific course offering*. To do this the [learn@forcepoint](mailto:learn@forcepoint.com) team will reach out to you, or you may contact them directly with your PO information at learn@forcepoint.com. The enrollment deadline for a virtual or classroom delivery is 3 business days prior to the scheduled start date.
