This Package identifies some of the activities typically involved with the implementation of Products.

Deliverables and Responsibilities

Detailed Statement of Services:

Forcepoint employees, agents, and/or contractors ("Services Personnel") will assist Subscriber with the performance of the following activities with respect to the Products in accordance with Forcepoint recommended engineering practices ("Services"):

- Pre-Implementation
 - Services Kick-off call between Subscriber and Services Personnel
 - Note: Services Personnel will contact the Subscriber within ten (10) business days of the order being processed to schedule the Services Kick-off call
 - Review scope of Package
 - Establish Services schedule
 - Confirm critical use case

- Implementation of the Product
 - Services Personnel will assist the Subscriber with the implementation of the Product within one (1) Subscriber's environment, as follows:
 - Fine tuning of Products
 - Enable Single Sign on (SSO) with Products
 - On board up to one (1) mapped application with Products
 - Product/Policy Tuning as needed

- Functional Testing and Knowledge Transfer
 - Services Personnel will conduct post-implementation testing identified below in accordance with Forcepoint recommended engineering practices. Services Personnel will provide informal knowledge transfer, including:
 - Standard System and Architecture Overview
 - System Navigation
 - Rule/Policy Creation
 - Local Events, Alerting and Settings
 - Basic Reporting and Workflow
 - Common Product issues and resolution
 - Relevant logs and debug options

- Services Personnel will use commercially reasonable efforts to assist with the troubleshooting and correcting of obstacles identified during the Services

- Services Closure Meeting
 - Service Personnel will conduct a Services closure meeting to review and confirm the Services have been completed and assist with the transition to Forcepoint Technical Support

Services Obligations of Subscriber:

Prior to the start of and throughout the Services, the Subscriber must be able to provide the following to Services Personnel:

- Valid Forcepoint licenses key
- Access to Forcepoint SQL database and database accounts
- Access to Infrastructure, Network, and Management Resources
- Access to Products
